B. LIBRARY HVAC SYSTEM AND C.GILES HUNT GRANT:

Ron Eberlein received a quote back from Addcox Heating to install a ductless heating system in the conference room for $3,957.00. Florence Heating & Sheet Metal came and checked both systems, and said the main system is fine, and the leak was not an issue. They looked at the system in the conference room, and said it could be repaired for $200.00. Sue Cousineau contacted a representative at the C. Giles Hunt Foundation to see if the grant money received could be used for repairs, instead of replacement, and was told that it had to be used for a new system, as requested. Florence Heating & Sheet Metal will submit a bid to install a new ductless heating system in the conference room, and said the district could possibly receive a rebate from Central Lincoln for that. Sue would like to see the old system fixed at that cost, so that there is heat in the conference room until a new unit is
installed. **Lee Bridge made a motion to allow Ron Eberlein to contact Florence Heating and Sheet Metal, to repair the heat pump in the conference room, cost not to exceed $500.00. Gary Goorhuis seconded the motion and it passed unanimously. (3-0)**
